

Your Voice. Your Story.

WANTED!

The Moyer Foundation is currently seeking children and adults to participate in the Catch a Cure for Cancer™ radiothon on WARM 106.9 benefiting The Gregory Fund for early cancer-detection research at Fred Hutchinson Cancer Research Center.

HOW CAN YOU HELP?

Through a pre-recorded interview, share your story about how cancer has touched your life – or the life of someone close to you. A professional radio personality will help guide the interview - talking about one or more of the following topics:

- You/your family's experiences with treatment
- The importance of early-cancer detection research/the work of the Hutchinson Center
- Favorite memories of someone you love who has been effected by cancer

Interviews will be recorded now-September 10th. The Radiothon will air September 16th 7AM-7PM. All participants will receive copies of their interview on a CD!

HOW TO PARTICIPATE:

Interviews will take place at the WARM 106.9 radio station (in Bellevue) on a mutually agreeable date and time. If you are willing/able to participate, please call us at the contact number listed below!

Together, We Can Catch a Cure for Cancer!
